DMC Rig Operations Management Software

- **CLIENT**

South DMC co., Ltd – The leading oil and gas chemical company in Vietnam.

- **VASTBIT'S ROLE**

Technical Partner

- **BRIEF**

Manage and report the process of supplying oil drilling services outside oil rig.

- **FEATURES**

Create ‘Daily’ & ‘Recap’ report of their rig services.

Create financial reports and invoices.

Analyze standard parameters across the organizations.

Documents lessons learned and best practices.

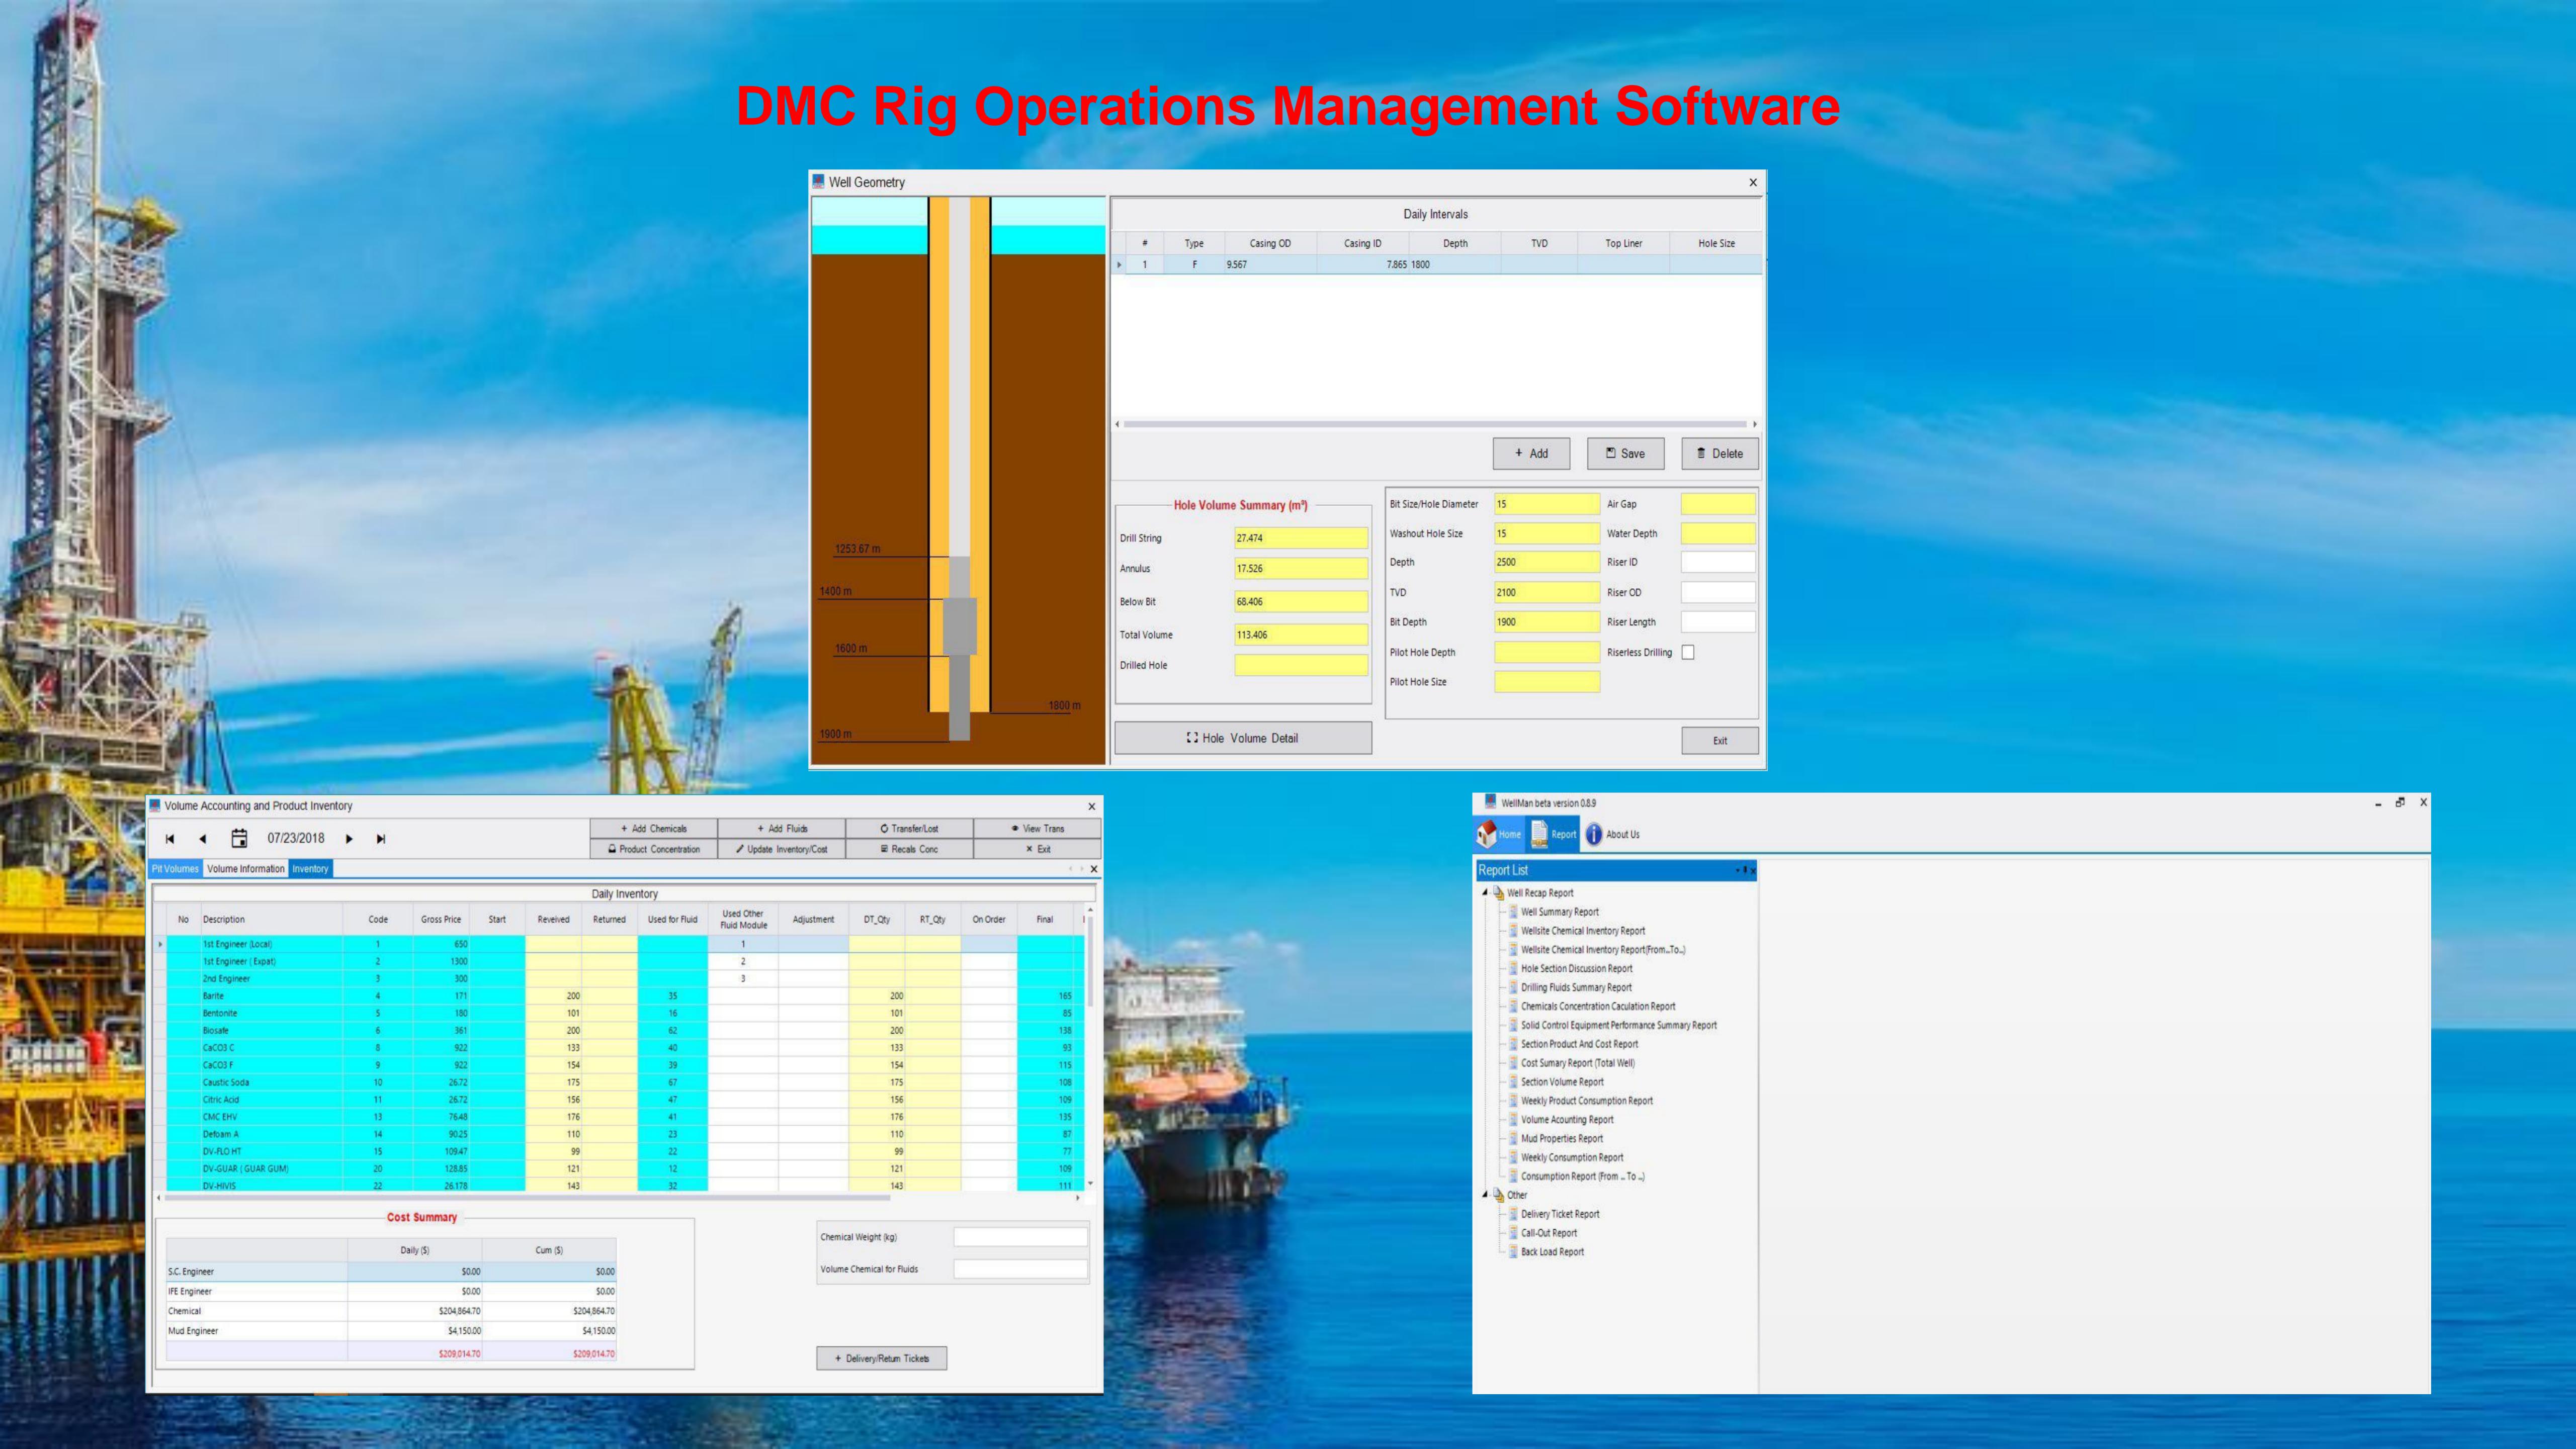

Keep performance historical data.

Track performance.

Compare actual data with planned data.

Document products & equipment performance.

DMC Rig Operations Management Software

The image displays four windows of the DMC Rig Operations Management Software, overlaid on a background photograph of an offshore oil rig.

- Well Geometry:** A vertical cross-section of the wellbore showing various sections and their depths. Key values include 1253.67 m, 1400 m, 1600 m, and 1900 m.
- Daily Intervals:** A table showing daily intervals for a single section. The table includes columns for #, Type, Casing OD, Casing ID, Depth, TVD, Top Liner, and Hole Size. One row is present with values: # 1, Type F, Casing OD 9.567, Casing ID 7.865, Depth 1800.
- Hole Volume Summary (m³):** A summary of hole volumes across different components. Values include Drill String (27.474), Annulus (17.526), Below Bit (68.406), Total Volume (113.406), and Drilled Hole (1800 m).
- Volume Accounting and Product Inventory:** A detailed inventory management system. It shows a "Daily Inventory" grid with columns for No, Description, Code, Gross Price, Start, Received, Returned, Used for Fluid, Used Other Fluid Module, Adjustment, DT_Qty, RT_Qty, On Order, and Final. A "Cost Summary" table at the bottom shows costs for S.C. Engineer, IFE Engineer, Chemical, and Mud Engineer.
- WellMan beta version 0.8.9:** A reporting interface. The "Report List" sidebar includes categories like Well Recap Report, Other, and Delivery Ticket Report. The main area shows a thumbnail of an offshore rig.

Care1 – Clinic Management System

- **CLIENT**

Family Medical Practice Vietnam - The first foreign-operated multidisciplinary medical provider to open in Vietnam.

- **VASTBIT'S ROLE**

Technical Partner

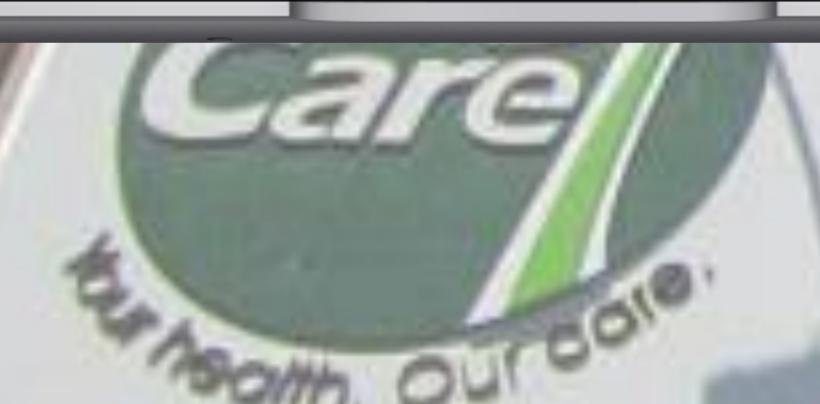

- **BRIEF**

An application for clinic management and medical examination for individuals and organizations.

TRUNG TÂM CHĂM SÓC SỨC KHỎE CARE1

EXECUTIVE HEALTH CARE CENTER

T:

This software base on web platform covering management of administrative, financial, clinical, pharmacy, stock and other data. Extensive statistical and reporting capabilities.

Care1 – Clinic Management System

• FEATURES

Helps medical center manage their clinics and medical examinations.

Features, tasks, workflows,... change depending on the position of employees.

Managing patient records and health checking based on electronic medical records helps save time on both sides.

Connect medical devices (such as X-ray machines, echograph machine, ...) and perform tests via software.

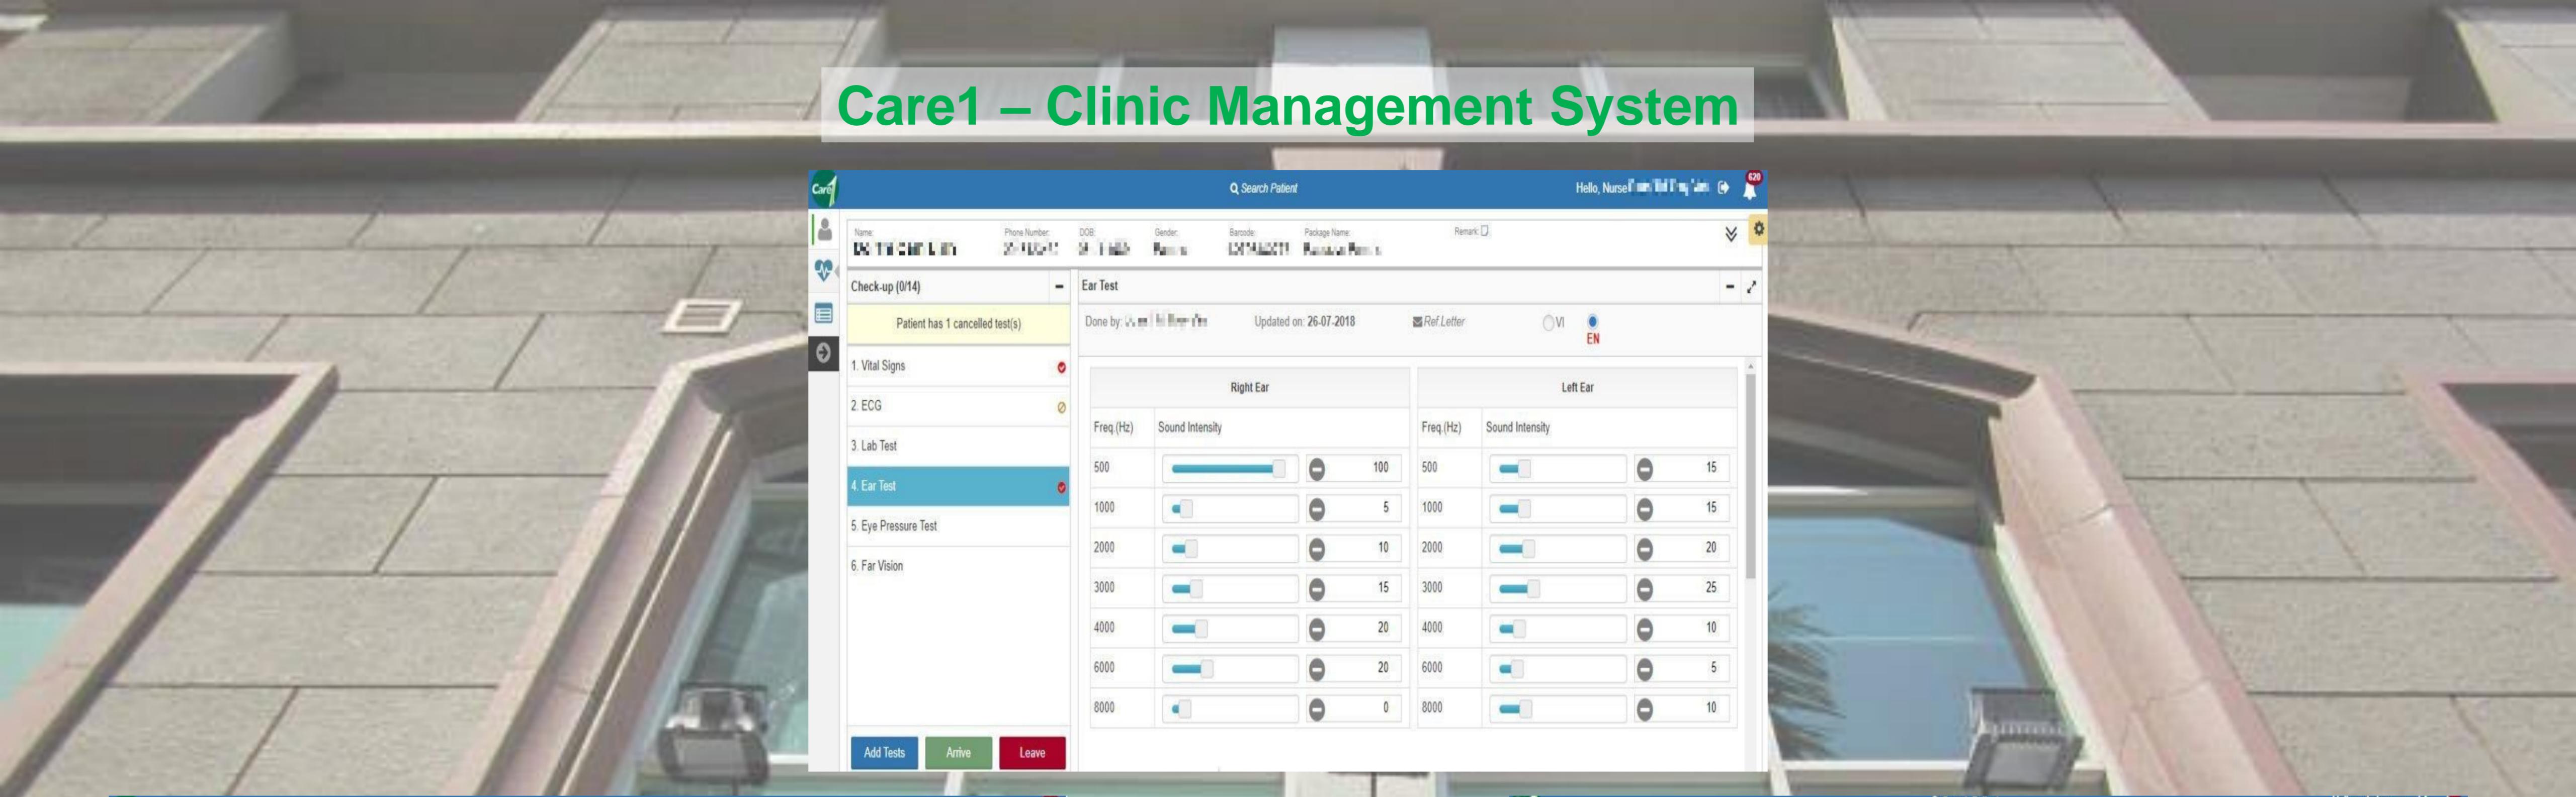

Progress tracking and analyze the results based on the collected tests.

Send medical reports to customers by email.

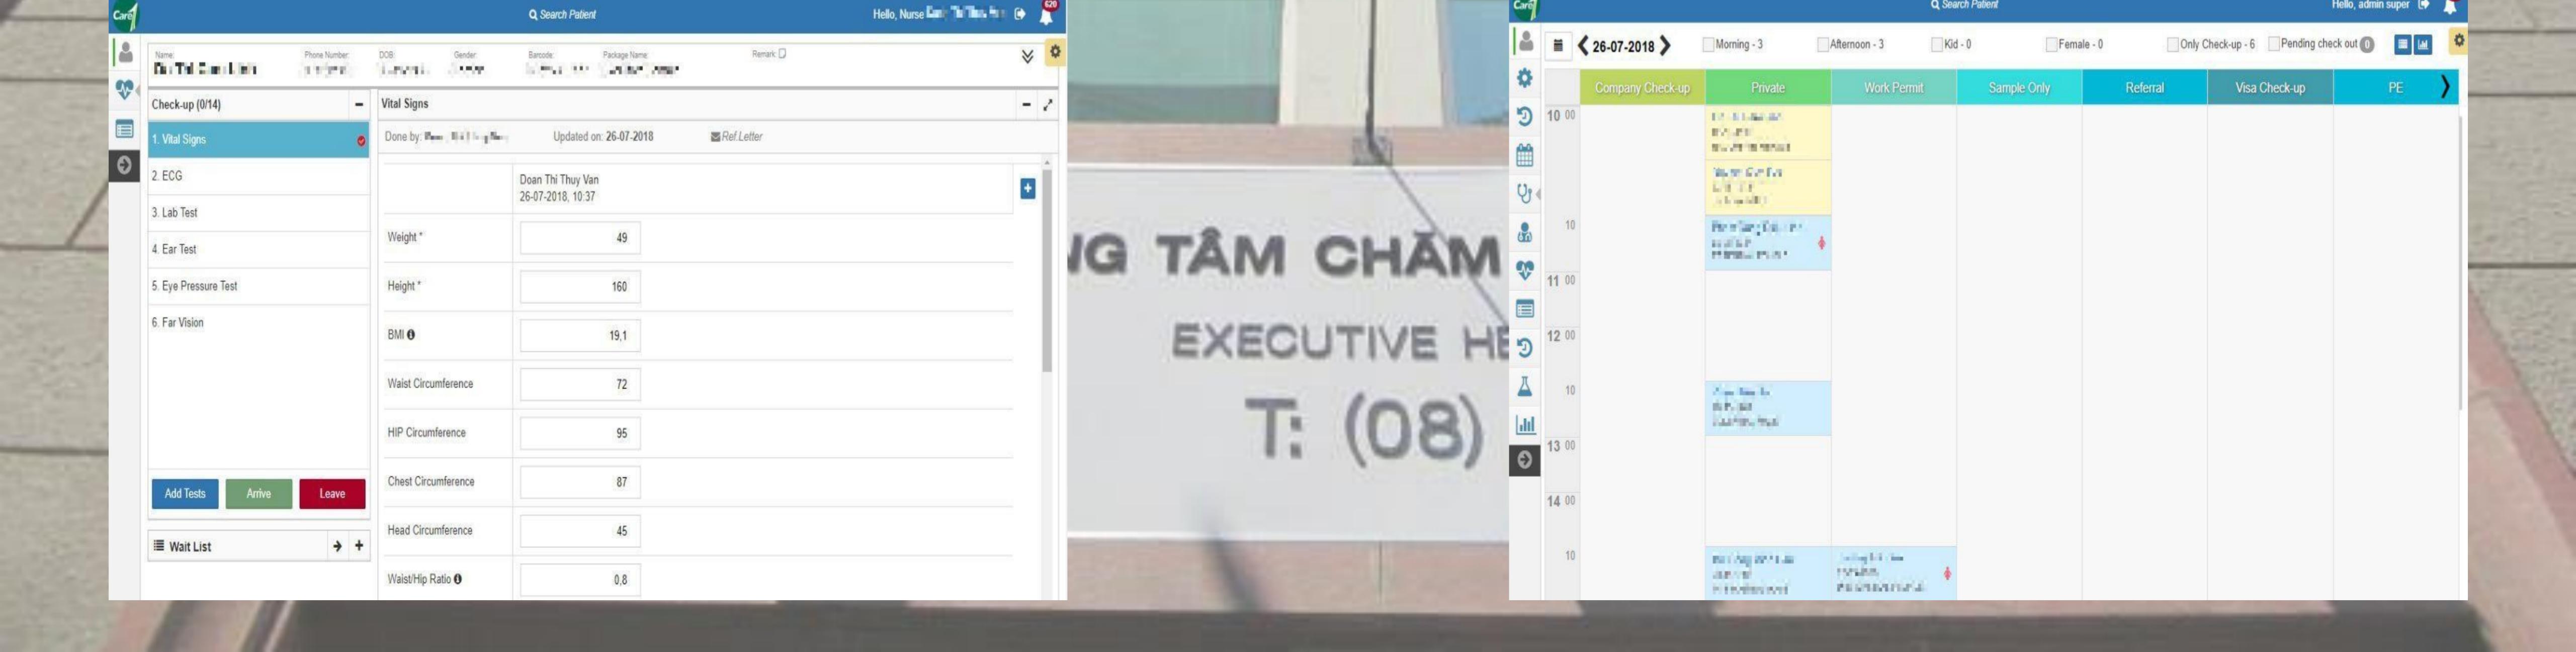

Screenshot of the Care1 Clinic Management System showing the ECG module. The interface includes a sidebar with patient details and a main panel for entering ECG parameters like Summary, Vent rate, PR interval, QRS duration, QT/QTc, P-R-T axes, and Other.

Screenshot of the Care1 Clinic Management System showing the Lab Test module. The interface includes a sidebar with patient details and a main panel for entering lab test results for various categories like Serum Sample, Electrolytes, Hepatitis, and Lipid Profile.

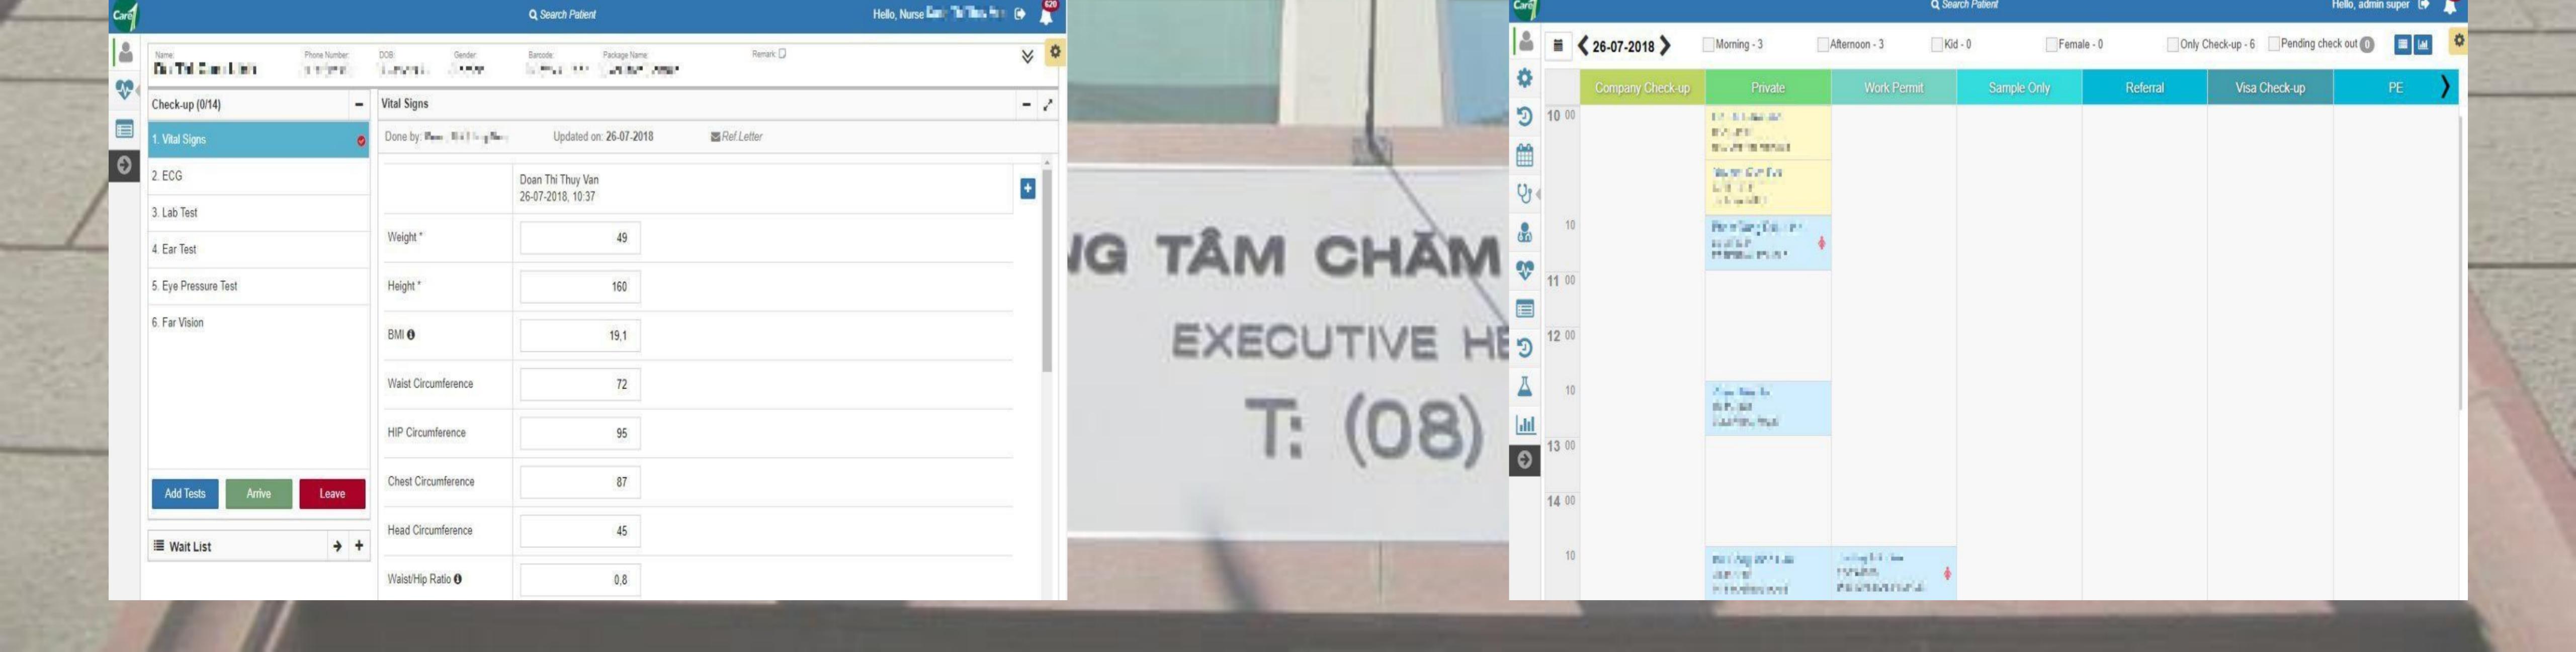

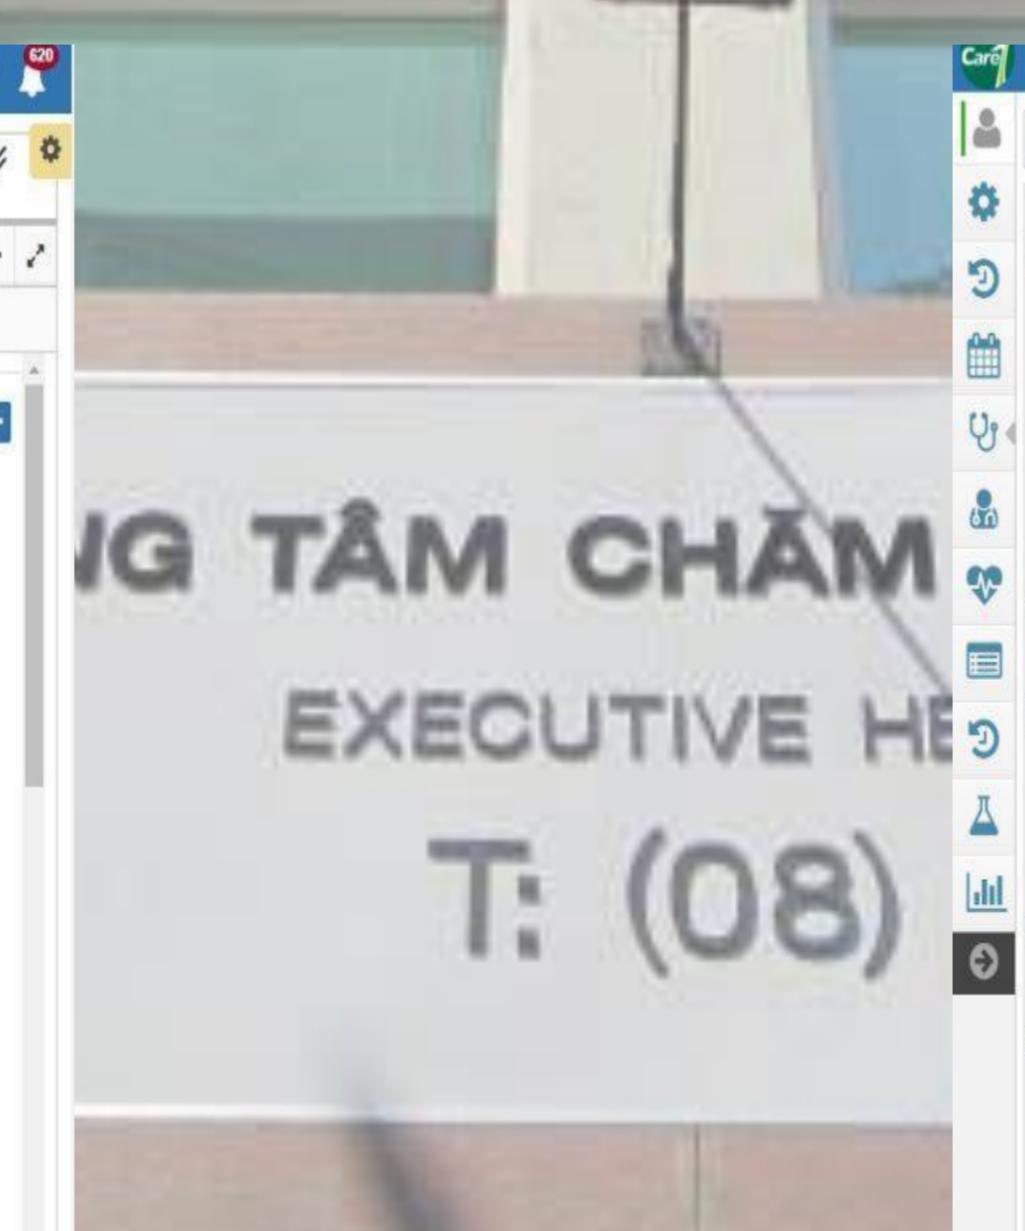

Care1 – Clinic Management System

A screenshot of the Care1 Clinic Management System interface. The top navigation bar includes 'Search Patient' and 'Hello, Nurse [Name]'. The main area shows a patient record for 'Do Thi Thuy Van' with fields for Name, Phone Number, DOB, Gender, Barcode, Package Name, and Remark. A sidebar lists 'Check-up (0/14)' items: 1. Vital Signs, 2. ECG, 3. Lab Test, 4. Ear Test (selected), 5. Eye Pressure Test, and 6. Far Vision. Below this is a 'Patient has 1 cancelled test(s)' message. The 'Ear Test' section displays results for 'Right Ear' and 'Left Ear' across frequencies from 500 to 8000 Hz. Buttons at the bottom include 'Add Tests', 'Arrive', and 'Leave'.
